**Published: 07 February 2006**

The Editor would like to alert the readers that concerns have been raised regarding similarities between different bands and gels shown in Fig. 6. Readers are advised to interpret these results with caution. Taissia G Popova, Bryan Millis, Chris Bradburne, Charles Bailey, Vikas Chandhoke, and Serguei G Popov have not replied to correspondence from the Publisher. The Publisher was unable to contact Svetlana Nazarenko.
